Linkdin Profile | Github

I'm a web developer with proficiency in a variety of front-end technologies. I like building user-centered digital experiences that are both visually appealing and highly functional. Excited to leverage my skills and constantly learn and grow as a developer.

SKILLS

- **Languages:**   C, Java, JavaScript

- **Technologies:**   HTML, CSS, React

- **Database:**   MySQL, MongoDB

- **Tools & Platforms:**   VS Code, Git, GitHub

- **Other's:**   DSA, OOPs

- **Soft Skill's:**   Communication, Leadership, Teamwork, Interpersonal Skills

PROJECTS

Weather App

- A weather app that shows the current weather of a city. Built using JavaScript, HTML, CSS.

- The app uses OpenWeatherMap API to fetch weather data. It can also show weather based on the user's current location using Geolocation API.

TODO APP

- Developed a functional to-do app using HTML, CSS, and JavaScript, showcasing strong front-end development skills.

- Implemented responsive design and interactive features to enhance user experience, demonstrating proficiency in creating intuitive and user-friendly web applications.
